MISS CHRISTIANA TSAI

A Chinese girl of 30 yrs age.
Member of wealthy family whose father held high official position. 13 girls and 11 boys.
Home- 150 rooms and 100 servants. Happy? No!
Idols did not make them happy.
Chinese gorls not allowed out without chaperone. Miss Tsai could not go to her own k tchen alone.
Gambled day and night to kill time. Miss Tsai constantly wished to commit suicide.
Father fell very sick. The superstition that if one's own child would cut piece of flesh off and boil it, the juice therefrom would heal.
Miss Tsai's cutting from arm with dubl scisors. Father's head on wound, painful infection set in. Rushed off to medical missionary for treatment. For 100 days it must be kept secret.
Wanted to become a Buddhist nun and end all.

But God opened way for her to enter Presbyterian Girls School.
There she heard a minister explain that the human heart without God was like certain living things without sunshine. Afterwards hunted out big rock, turned it over with a pole, and saw under it many creeping things scamper away not able tostand the sunshine& Tsai concluded that the preacher was right- the human heart without God is full of evil things. She gave her heart to Christ and was baptised.

Then persecution in the home. Her mother's reply to entreaty to become a Christian.

On April 24,1914 Tsai and friend began earnest and regular prayer for her loved ones.

On June 11,1916 Mother, 2 brothers and 2 aiater-in-laws were baptized.

Mother led several girls away from Buddhist faith
Now 20 members of family are Xns.

For 7 yrs Tsai as "The Little Bible Woman" So happy, so full of joy in the service.
